2027 Prescription Costs Tips

- Manufacturer Assistance Programs may help reduce out-of-pocket costs for certain **high-cost specialty and non –specialty medications**
  - These programs provide discounts or coupons to reduce the amount you pay when you fill a prescription
  - Note: Amounts paid through a manufacturer coupon **do not count toward your plan deductible or out-of-pocket maximum.** Only the amount you will personally pay will count towards your deductible
  - Example: If a medication costs $100 and a manufacturer coupon reduces your cost to $25, only the $25 you pay will count toward your deductible or out –of-pocket maximum
- Choose generics when available to reduce cost.
  - You will always pay the lower of the generic copay or the medication's actual price
  - Brand-name drugs cost more when generics exist
    - Note: If you or your doctor choose a brand-name medication when an equivalent generic is available, you **will** pay a higher out-of-pocket cost
- Save with mail order: You pay a **reduced cost** for a 90-day supply, less than paying for three separate 30-day fills

Frequently Asked Questions

- Can I continue using my local pharmacy?
  - Yes, for non-specialty medications and, if the pharmacy is in the Liviniti pharmacy network
- How do I know whether my medication or pharmacy is affected?
  - You will receive a communication via mail after open-enrollment from Liviniti
  - You can also check the Liviniti Formulary search tool closer to January 1st
- How do I know if I am on a specialty medication?
  - Specialty medications are used to treat complex, serious, or long-term conditions and may require specialty handling, monitoring, or additional support. Examples may include certain medication used to treat cancer, multiple sclerosis, rheumatoid arthritis, and rare diseases.
- How do I transfer my prescription to a Broward Health Pharmacy?
  - Contact your doctor's office and ask them to send a new prescription to the Broward Health Pharmacy convenient to you. Specialty medications must be sent to the Broward Health Medical Center Outpatient pharmacy.
